

# **“The Sanctuary”**

## **Meriwether County, Georgia**

1. Go I-85 South to Exit 28  
(Luthersville/Hogansville exit: also noted as Highway 54/100 exit)
2. Turn Left (East) off ramp towards Luthersville.
3. Turn Right (about ½ mile from ramp) onto Highway 100 towards Greenville.
4. About 8 miles, turn Right onto Wilbur Keith Road (there is a small old round brick building where you turn; you’ll notice it in the daylight but it sneaks up on you).
5. About 2 miles, turn Left onto Beach Road. (This is a dirt road.)
6. Continue passed the green field / board fence on the left (That is some of our property, but this is not where you are going yet) ; at the fork in the dirt road, stay right. (The road on the left is Bunny Lane, but stay on Beach Road).
7. At stop sight at the end of Beach Road, turn Left onto King Road. (Still a dirt road.)
8. Turn Left onto property at a first gate, which has a few “No Trespassing” signs around it and a big wooden entrance.
9. Veer to the access road going to Left as this will take you to the lake, pavilion and parking area. Or go (stay) to the right to come to the house.

**Welcome to camp!**

**Have fun, be safe and spend quality time with your friends and family at this special place!**

\*Note: There are actually several ways to get to our property, but this one seems to be the most enjoyable and scenic trip. Also, the historic town of Greenville, Callaway Gardens, Pine Mountain and The Little White House are all within 20-30 minutes to us, in case you want to add something to your trip!
